

THE ESSENCE OF NATURE.  
THE ART OF PERFUMERY.

Düllberg Konzentra is a manufacturer of essential oils, perfume oils and flavours and delivers its products worldwide for more than 85 years. Our Team at the factory in Hamburg with more than 120 employees produce, refined and developed Fragrance compositions for different areas of applications.

We are currently looking for

## Junior-Evaluator Perfumery (f/m/d)

### Your tasks:

- Preselection of suitable perfume compositions according to sales specifications / customer requests
- Control & coordination of customer-specific development projects in close cooperation with perfumery
- Coordination / preparation of customer samples
- Close cooperation with sales, marketing and other development departments
- Maintenance of product data (developments), keywording and classification of developments to create / maintain the corresponding fragrance database
- Monitoring of compliance with development specifications from customer specifications and restrictions in coordination with the QM department (e.g. IFRA, Cosmetics Ordinance, etc.)
- Support at trade fairs, customer visits and customer training
- Accompanying sales during customer visits

### Your profile:

- Initial knowledge of the industry in the evaluation field of oral care / essential oils and personal care / fragrance development, as well as fragrance marketing, would be an advantage
- Passion for perfumery and essential oils
- First experiences in application
- First knowledge in customary or legal restrictions (IFRA, Cosmetics Ordinance, Ökotest, Cosmos, etc.)
- Good knowledge of German and English
- Social and communicative competence, interdisciplinary way of thinking and acting, entrepreneurial and goal-oriented working style
- Creativity, initiative, ability to work in a team
- Knowledge of SAP is an advantage

We are looking for good skilled employees who are willing to assume responsibility and to support our dynamic and sustainable positive development. Düllberg Konzentra is a successful company with flat hierarchies and open-minded employees. You can expect a secure employment, challenging and interesting work tasks, modern working conditions and a highly motivated team. We offer you a performance-orientated payment with the social benefits of an innovative and expanding industrial enterprise.

Does this sound like you, and are you ready for a new challenge? We look forward to your meaningful application documents stating the earliest possible starting date and your salary expectations.
